INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
of the Society of St. Vincent de Paul Georgia, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of the Society of St. Vincent de Paul Georgia, Inc. (a nonprofit organization), which comprise the statements of financial position as of September 30, 2018 and 2017, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Society of St. Vincent de Paul Georgia, Inc. as of September 30, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Atlanta, Georgia

The accompanying notes are an integral part of these financial statements.
1. Nature of Organization and Significant Accounting Policies

Organization

The Society of St. Vincent de Paul Georgia, Inc. (the “Society”) is a nonprofit organization that has been actively assisting people in metro Atlanta and Georgia since 1903. The Society is part of an international organization of Catholic lay people. The Society’s mission is to respond and reach out to people in need, regardless of their race or religion. The Society strives to equip individuals experiencing a time of hardship with the materials, education and confidence needed to establish financial security and self-sufficiency. The Society serves individuals based on their circumstances through financial assistance, free food, free clothing, other merchandise, transportation assistance or a combination of these services. Over seventy volunteer groups, referred to as St. Vincent de Paul Conferences (the “Conferences”), provide assistance in various locations throughout North Georgia. The Society also operates twelve thrift stores in the Atlanta area where clients may redeem vouchers for free clothing, furniture and household goods. The proceeds from stores are used to help families in need with financial assistance. The Council of the Society of St. Vincent de Paul Georgia, Inc. (the Council) is the administrative segment of the Society. The activities and account balances of the Council, conferences and thrift stores are included in these financial statements.

Basis of Accounting

The financial statements of the Society are presented on the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities in conformity with accounting principles generally accepted in the United States of America (GAAP). Under this method of accounting, revenues are recognized in the period in which they are earned, while expenses are recognized in the period in which they are incurred.

Financial Statement Presentation

In accordance with GAAP, the Society is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, or permanently restricted, based on stipulations made by the donor.

Contributions

The Society records unconditional promises to give and contributions received as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of donor restrictions.
1. **Nature of Organization and Significant Accounting Policies – Continued**

**Contributions – Continued**

The Society reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. All contributions and unconditional promises to give which do not have donor restrictions as to purpose or time are classified as unrestricted contributions and pledges receivable.

The Society records gifts of property and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used, as well as gifts of cash or other assets that must be used to acquire long-lived assets, are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Society reports expirations of donor restrictions when the donated or purchased long-lived assets are placed in service.

**Donated Property, Services and Goods**

In accordance with GAAP, all non-cash gifts (other than personal services) are recorded at their estimated fair value at the date of receipt. Donated services are recognized as contributions if the services (a) create or enhance non-financial assets, or (b) require specialized skills that are provided by individuals possessing those skills and would otherwise need to be purchased by the Society if not provided by donation.

During the fiscal years ended September 30, 2018 and 2017, donations of specialized services were received and recorded. Also, the Society received donations of vehicles, clothing and food for both sale and free distribution to clients.

Donated property, services and goods consist of the following for the years ending September 30:

<table>

<td><strong>$ 3,132,407</strong></td>
</tr>
</tbody>
</table>
1. **Nature of Organization and Significant Accounting Policies – Continued**

**Functional Allocation of Expenses**

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities and the statements of functional expenses. The Society’s policy is to allocate indirect administrative expenses incurred to programs and supporting services based on management estimates of effort and expense used to support these activities. Management believes that these estimates and resulting allocations fairly represent the costs and efforts expended on these activities.

**Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Tax Exempt Status**

The Society is exempt from federal income tax under the provisions of Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as an organization other than a private foundation. In the opinion of management, the Society continues to operate as a tax-exempt organization and, accordingly, no provisions for federal and state income taxes have been recorded in the accompanying financial statements. Income from certain activities not directly related to the Society’s tax-exempt purpose is subject to taxation as unrelated business income. For the years ended September 30, 2018 and 2017, the Society did not have any unrelated business income, and accordingly, no unrelated business income tax.

Management believes that it has appropriate support for any tax positions taken, and as such does not have any uncertain tax positions that are material to the financial statements. The Society’s income tax returns are subject to examination by the appropriate regulatory authorities, and as of September 30, 2018 and 2017, the Society’s federal tax returns remain open to examination for the last three years.
1. Nature of Organization and Significant Accounting Policies – Continued

Cash and Cash Equivalents and Concentration of Credit Risk

Cash includes demand accounts at several financial institutions as well as at the Catholic Archdiocese of Atlanta. For purposes of the statements of cash flows, the Society considers all short-term, interest-bearing deposits with original maturities of three months or less to be cash equivalents. Included in cash and cash equivalents are investments in a common fund account held by the Catholic Archdiocese of Atlanta (the Archdiocese). The Society is required to maintain minimum balances of $200,000 with the Archdiocese as a condition of its existing line of credit agreement with that institution. The Society did not maintain these balances at September 30, 2018 and 2017; however, as the agreement has been renewed by the Archdiocese, management believes they are in compliance.

The balance in the Society’s bank accounts, as reflected in the bank’s records, is insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000. At September 30, 2018 and 2017, the funds in the bank accounts did not exceed this balance. The balances in the demand account at the Archdiocese at September 30, 2018 and 2017 of $27,729 and $27,194, respectively, are not insured by the FDIC.

Cash consisted of the following at September 30:

<table>
<thead>
<tr>

</tr>
<tr>
<td>Cash and cash equivalents, for purpose of the Statements of Cash Flows</td>
<td>$1,556,112</td>
<td>$1,622,579</td>
</tr>
</tbody>
</table>

Accounts Receivable

Accounts receivable consist primarily of annual collection receivables less an allowance for doubtful accounts when applicable. Management’s determination of the allowance for doubtful accounts is based on an evaluation of the accounts, past experience, current economic conditions, and other risks inherent in receivables. Management believes that all accounts receivable are fully collectible at September 30, 2018 and 2017, and accordingly no allowance has been recorded in the financial statements.
1. Nature of Organization and Significant Accounting Policies – Continued

Inventory

Inventory consists of donated Thrift Store merchandise and various other supplies. The Society records inventory for donated goods at lower of cost or net realizable value, which is determined based on its future economic benefit.

Cemetery Lots and Mausoleum Spaces

Cemetery lots and mausoleum spaces are donated to the Society and are recorded at fair value at the date of donation. During the year ended September 30, 2017, lots valued at $7,000 were donated to the Society. There were no lots donated during the year ended September 30, 2018.

Property and Equipment

It is the policy of the Society to capitalize property and equipment in excess of $1,000. Purchased furniture, fixtures, equipment and vehicles are recorded at cost. Donated furniture, fixtures, equipment, and vehicles are carried at approximate fair value at the date of donation. Depreciation is computed over the assets estimated useful lives, ranging from 3 to 30 years, using the straight-line method. Leasehold improvements are amortized over the estimated useful life of the improvement or the life of the lease, whichever is shorter.

Deferred Revenue

Deferred revenue results from the Society recognizing special event revenue in the period in which the related event occurred. Accordingly, the event fees received for a fundraiser to be held the next fiscal year are deferred until the event date. Additionally, deferred revenue results from advance payments from the Emergency Food and Shelter Program of the United Way.

Advertising Costs

Advertising costs are expensed as incurred.

Evening for Hope

The Evening for Hope event was held in October 2017 and 2018, subsequent to the 2017 and 2018 fiscal year ends. Therefore, due to timing of the event, deferred revenue as of September 30, 2018 and 2017 totaled $58,617 and $91,813, respectively. Fundraising events are shown in the accompanying statement of activities for the year ended September 30, 2017 net of expenses totaling $47,754 and were primarily for the Evening for Hope event. Fundraising events for the year ended September 30, 2018 net of expenses totaling $82,369 were for the Evening for Hope, Tee Off for Hope, and Hunger Walk.
1. **Nature of Organization and Significant Accounting Policies – Continued**

**New Accounting Policy**

In November 2016, the Financial Accounting Standards Board (FASB) issued ASU 2016-18, *Statement of Cash Flows (Topic 230): Restricted Cash*, which requires the statement of cash flows explain the change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. The ASU is effective for fiscal years beginning after December 15, 2018. Earlier application is allowed. The guidance requires retrospective application. The Society early adopted this guidance for the year ended September 30, 2018. Accordingly, the financial statements as of and for the year ended September 30, 2017 have been modified to conform to this new presentation. The adoption of this new accounting policy had no effect on net assets.

**Reclassification of Amounts**

Certain amounts previously reported have been reclassified to conform to the current year’s financial statement presentation.

2. **Unconditional Promises to Give, Net**

During 2018, the Society began a $6,500,000 capital campaign to raise funds to purchase and renovate the building where Society operations are currently located and to create an endowment fund to support annual operations. Pledges received through September 30, 2018 totaled approximately $593,623, of which the Society believes approximately $570,630 will be realized. As of September 30, 2018, the balance of net pledges receivable was $421,145. Pledges are recorded at net realizable value upon receipt. Contributions to be received after one year are discounted at 2.13%, commensurate with the risks involved. Amortization of the discount is recorded as additional contribution revenue and utilized in accordance with donor-imposed restrictions on the contribution.

Unconditional promises to give consist of the following at September 30, 2018:

<table>
<thead>
<tr>
<th>Amounts due in:</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than one year</td>
<td>$ 145,622</td>

<td>(15,719)</td>
</tr>
<tr>
<td>Total unconditional promises to give, net</td>
<td>$ 421,145</td>
</tr>
</tbody>
</table>
3. **Investments**

The Society’s investments are managed by investment managers with the Catholic Foundation of North Georgia. The Society values its investment assets at prices provided by the investment managers based on the underlying asset. The Society’s investments are maintained within the Society of St. Vincent de Paul Georgia Endowment Fund (the Fund), which was established during March 2012 to allow various Roman Catholic diocesan parishes, schools, agencies, entities or programs in the Archdiocese of Atlanta to establish permanent endowments for their future long-term needs and other designated purposes. These investments are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient.

The Society’s investments consist of one pooled investment fund with the Catholic Foundation of North Georgia. These investments are valued by the Catholic Foundation of North Georgia based on the underlying assets. Underlying assets in the funds consist of investments in exchange-traded equity securities and institutional fund investments measured at net asset value. Investment balances with the Catholic Foundation of North Georgia totaled $196,076 and $183,703 at September 30, 2018 and 2017, respectively.

Investment returns consist of the following for the years ended September 30:

<table>

</tr>
<tr>
<td><strong>Total property and equipment, net</strong></td>
<td>$ 557,493</td>
<td>$ 571,398</td>
</tr>
</tbody>
</table>

Depreciation and amortization expense for the years ended September 30, 2018 and 2017 totaled $106,041 and $105,592, respectively.

5. Note Payable and Line of Credit

Previously, the Society entered into a note payable with a single financial institution for the purchase of a vehicle. The loan has a fixed interest rate of 4.59% and is due in monthly installments of $984, including principal and interest through the maturity date of August 2020. The balance of the note payable at September 30, 2018 and 2017 was $22,461 and $32,125, respectively.

Aggregate principal maturities of debt subsequent to September 30, 2018 are as follows:

<table>
<thead>
<tr>
<th>Year ending September 30</th>
<th>2019</th>
<th>2020</th>
</tr>
</thead>
<tbody>
<tr>
<td>2019</td>
<td>$ 11,880</td>
<td>$ 10,581</td>
</tr>
<tr>
<td>2020</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td>$ 22,461</td>
<td></td>
</tr>
</tbody>
</table>

Previously, the Society secured a $300,000 line of credit from the Archdiocese of Atlanta with a maturity date of May 31, 2019 and an interest rate of 8.5%. In May 2019, the maturity date was extended to May 31, 2021. The outstanding balance on this line of credit at September 30, 2018 and 2017 was $227,702 and $155,000, respectively.
6. **Major Sources of Support and Revenue**

The Society has three main sources of support and revenue which are as follows: Thrift Store sales, government grants for the Emergency Food and Shelter Program (EFSP), and contributions from individuals, foundations and corporations. For the years ended September 30, 2018 and 2017, the amounts derived from these sources represented approximately 96% and 94%, respectively, of the Society’s total support and revenue.

7. **Board Designated Net Assets**

Board designated net assets consist of endowed net assets of $186,076 and $173,703 for the years ended September 30, 2018 and 2017, respectively.

8. **Temporarily Restricted Net Assets**

Temporarily restricted net assets are comprised of funds the Society has received subject to donor-imposed restrictions consisting of the following at September 30:

<table>
<thead>
<tr>
<th></th>
<th>2018</th>

<td><strong>$156,519</strong></td>
</tr>
</tbody>
</table>

10. Endowed Net Assets

The Society’s endowment fund consists of funds designated by the Society’s board of directors as well as donations permanently restricted by donors. As described in Note 3, these funds are maintained with the Society of St. Vincent de Paul Georgia Endowment Fund (the “Fund”).

The Society follows the requirements of Georgia’s Uniform Management of Institutional Funds Act (the “Act”). Upon receipt of gifts and bequests, the Society evaluates the gift instrument and related information to determine the directions and intentions of the donor. The Society classifies gifts that are not immediately expendable as either temporarily or permanently restricted, depending on the restrictions that the donor has imposed. Consistent with the Act, in the absence of explicit directions by the donor, the Society classifies the initial recorded value of gifts that are not immediately expendable as permanently restricted.

**Investment Policy**

The Society established an investment policy for the purpose of providing general guidelines for the prudent investment of its endowment assets. The objective of the investment policy is to defray annual spending and permit some growth of the assets as well as to maximize returns within reasonable and prudent levels of risk in order to minimize chances for loss of capital. The desired investment objective for the investments is to achieve a long-term rate of return of 5% over the prevailing rate of inflation, with a target rate of approximately 8% per year.
10. **Endowed Net Assets – Continued**

**Spending Policy**

Contributions to the Fund can be made by the Society or by donors, provided that the contributions are in a form acceptable under the Fund’s Acceptance Policy. Once an aggregate of $50,000 in cash or other assets has been contributed, the Society may begin making distributions from the Fund. The endowment may only be used to support the operations, ministries, and capital needs of the Society of St. Vincent de Paul Georgia, Inc. Unless otherwise changed by the Board of Directors, the amount of the endowment distribution used for operations may not exceed 20% of the operating budget. Usage of the endowment distributed funds requires an approval of the board of directors as part of each year’s budget process or by special vote. There were no distributions made from the fund during the years ended September 30, 2018 and 2017.

From time to time, the fair value of invested assets associated with individual donor restricted endowment funds may fall below the level that the donor requires the Society to retain as a fund of perpetual duration. There were no such deficiencies as of September 30, 2018 and 2017.
10. Endowed Net Assets – Continued

Subsequent to year end, the Society received a $400,000 contribution to the endowment.

11. Retirement Plan

The Society offers a retirement plan operated under section 401(k) of the Internal Revenue Code. Employees are eligible for participation on the first day of the month following their hire date. There are no minimum service or age requirements for participation. In addition, employees can voluntarily contribute up to the maximum allowed by law to the retirement plan. Employees vest from date of hire. For the fiscal years ended September 30, 2018 and 2017, the Society contributed 3% of each eligible employee’s salary and matched 100% of employee contributions up to 3%. The Society’s contribution to the retirement plan for the years ended September 30, 2018 and 2017 totaled $53,706 and $58,095, respectively.
12. Lease Commitments

The Society leases office space, thrift store space, equipment, and vehicles under non-cancelable operating leases. The future minimum payments under operating leases are as follows:

Rent expense for the years ended September 30, 2018 and 2017 was $954,589 and $877,155, respectively.

13. Commitments and Contingencies

Certain grants and contracts often require the fulfillment of certain conditions as set forth in the instrument or agreement. Failure to fulfill the conditions could result in the return of funds to the grantors. Although the return of funds is a possibility, management of the Society deems the contingency unlikely. The grants and contracts are subject to audit by the grantor, or in the case of federal funds, the Federal Government. They have the authority to determine liabilities or limit or suspend participation in the various sponsored programs.

The Society is subject to legal actions arising in the ordinary course of business. In management’s opinion, the Society has adequate legal defense and insurance with respect to such actions and their final outcome would not materially affect the Society’s operations or financial position.

Previously, the Society entered into a Loan Conversion Program with a financial institution in which the Society guarantees a portion of the loans entered into by direct aid clients as approved by Management. Management believes the maximum exposure as of September 30, 2018 and 2017 was approximately $3,880 and $7,500, respectively.

In November 2017, the Society signed a contract for capital campaign consulting services of approximately $199,000, of which $102,193 was outstanding at September 30, 2018.
13. Commitments and Contingencies – Continued

In September 2018, the Society entered into an agreement to purchase the building where Society operations are currently located. A deposit of $10,000 was paid and is included in other assets on the statement of financial position at September 30, 2018. The purchase price of the property is $2,500,000 and the transaction closed on June 6, 2019. Additionally, in June 2019 the Society entered into a note payable in the amount of $1,750,000 for the purchase of the building. The note has an interest rate of Libor plus 1.8% and with a maturity date of June 2024. The note is collateralized by a security lien on the building, assignment of capital campaign pledge proceeds, and a double negative pledge on all assets. In May 2019, a new limited liability company, the 2050 SVDP, LLC, was formed to hold funds and certain properties transferred to it by the Society, including the building.

14. Related Party Transactions

The Society annually remits dues to the National Council of the United States Society of St. Vincent de Paul. During the years ended September 30, 2018 and 2017, $47,792 and $10,300, respectively, was paid to the National Council. Amounts due to the National Council as of September 30, 2018 and 2017 were $86,733 and $72,083, respectively.

15. New Markets Tax Credit Transaction

The New Markets Tax Credit Program (NMTC Program) was established by Congress in 2000 to attract investment capital to low-income communities by permitting investors to receive tax credit incentives in exchange for making equity investments in certified Community Development Entities (CDE). Under this program, certain commercial banks and other investors are able to subsidize eligible projects that meet the NMTC Program requirements.

The New Markets Tax Credit program is a seven-year agreement and is expected to close in fiscal 2020. Capital campaign funds and NMTC proceeds received under the NMTC Program will be disbursed to purchase and renovate the building that the Society is currently located in.

16. Subsequent Events

Management has evaluated events and transactions which occurred through July 1, 2019, which was the date the financial statements were available to be issued. Significant subsequent events include the extension of the line of credit as further discussed in Note 5, the contribution to the endowment as further discussed in Note 10, and the building purchase and formation of a new entity as further described in Note 13.
